AWARDED ONE OF NORTH AMERICA'S TOP 100 SPAS (#61)

Before your treatment we invite you to begin your relaxing spa experience in the comfort of your own accommodations with the use of any wet treatment of sauna, steam bath, hot-tub or Whirlpool Bath Tub, depending on your accommodation.

As part of the Algonquin Spa you have access to our fitness/ sauna room. It is a beautiful cedar sunroom with a fantastic view over the 3 season Swimming Pool and Galeairy Lake.

There are free-weights, benches, a bike machine, a concept 2 rowing machine and a tread mill.

The sunroom also has all the amenities with washrooms and showers, TV and VCR for work out videos, mats, and a drink cooler.

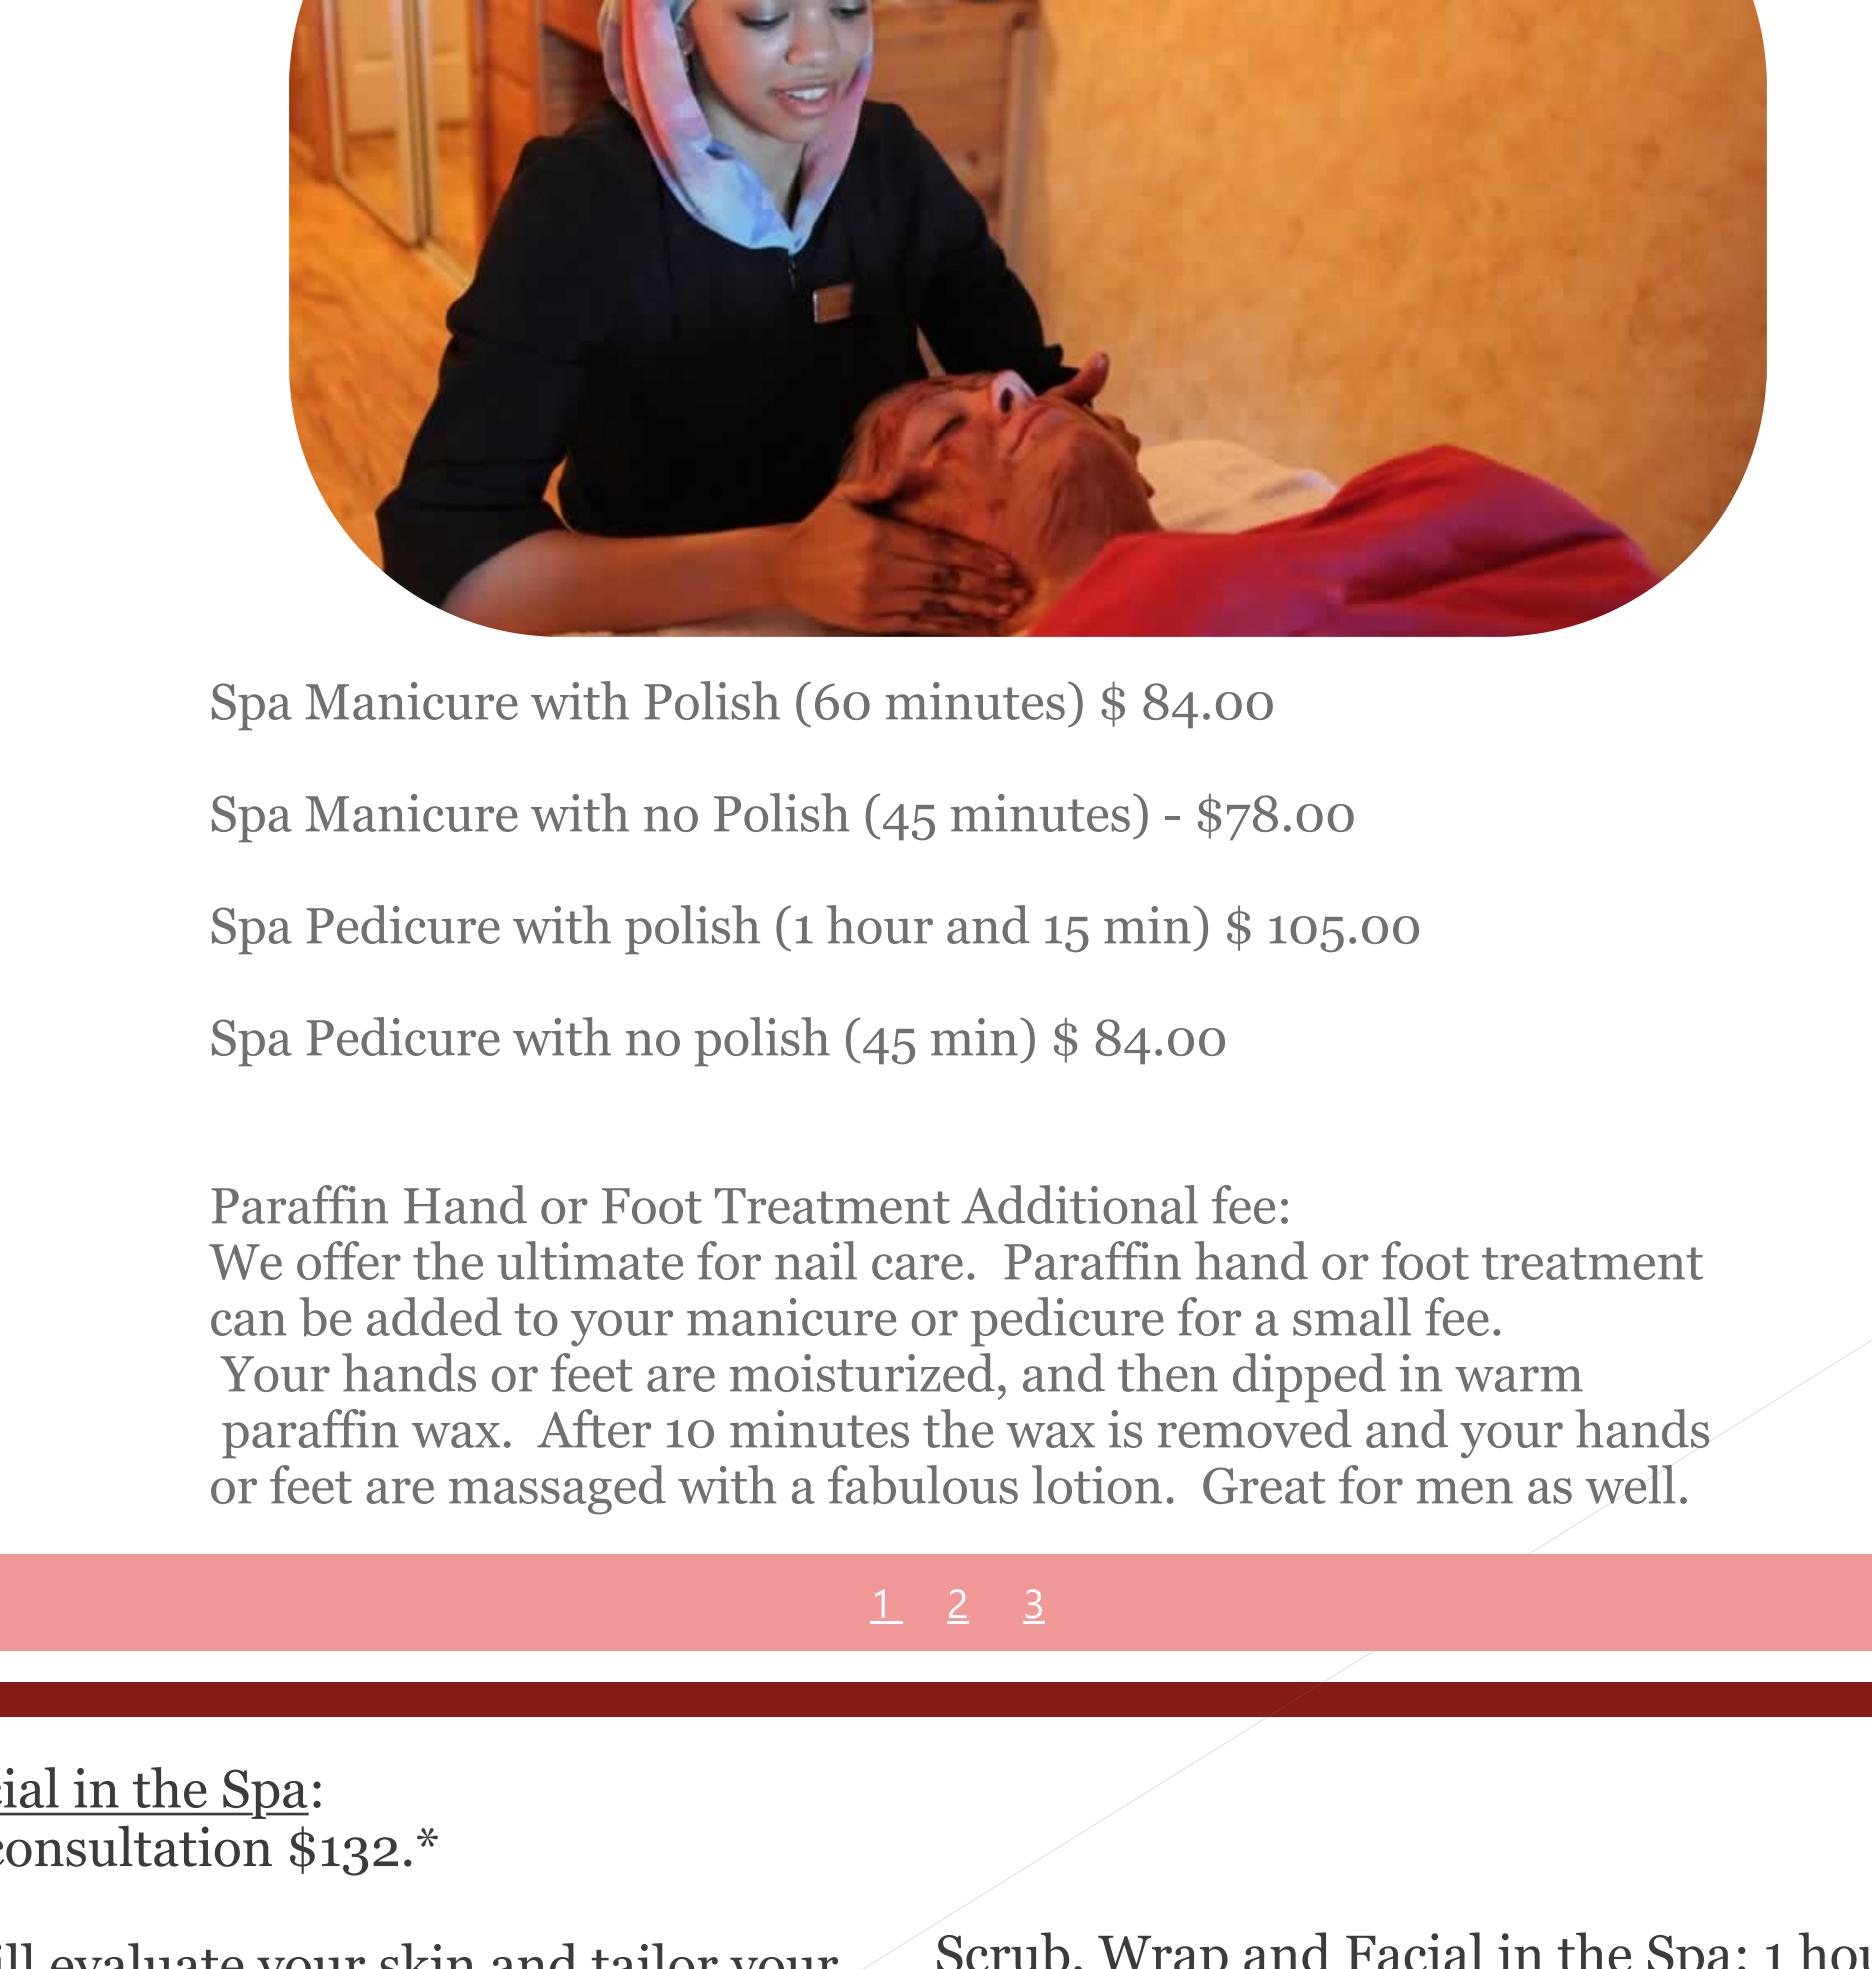

After your workout or at the end of your day, revive your soul in the sauna. The heat will soothe your muscles and purify your skin . . Perfect!

From here you have easy access to the outdoor heated salt-water pool. Relax and melt away, or do a few laps, it is all yours.

Touching is healing; from a mother's touch which comforts and soothes her baby to the triumphant athlete patted on the back by fellow athletes.

Based on the same principle as human touch, massage is the oldest method of promoting good health, suppleness and strength. Today, the role of massage therapy is recognized by the general public and other health care professionals as being an effective health care alternative.

Due to public perception and desire, massage therapy has grown into a more prominent position.

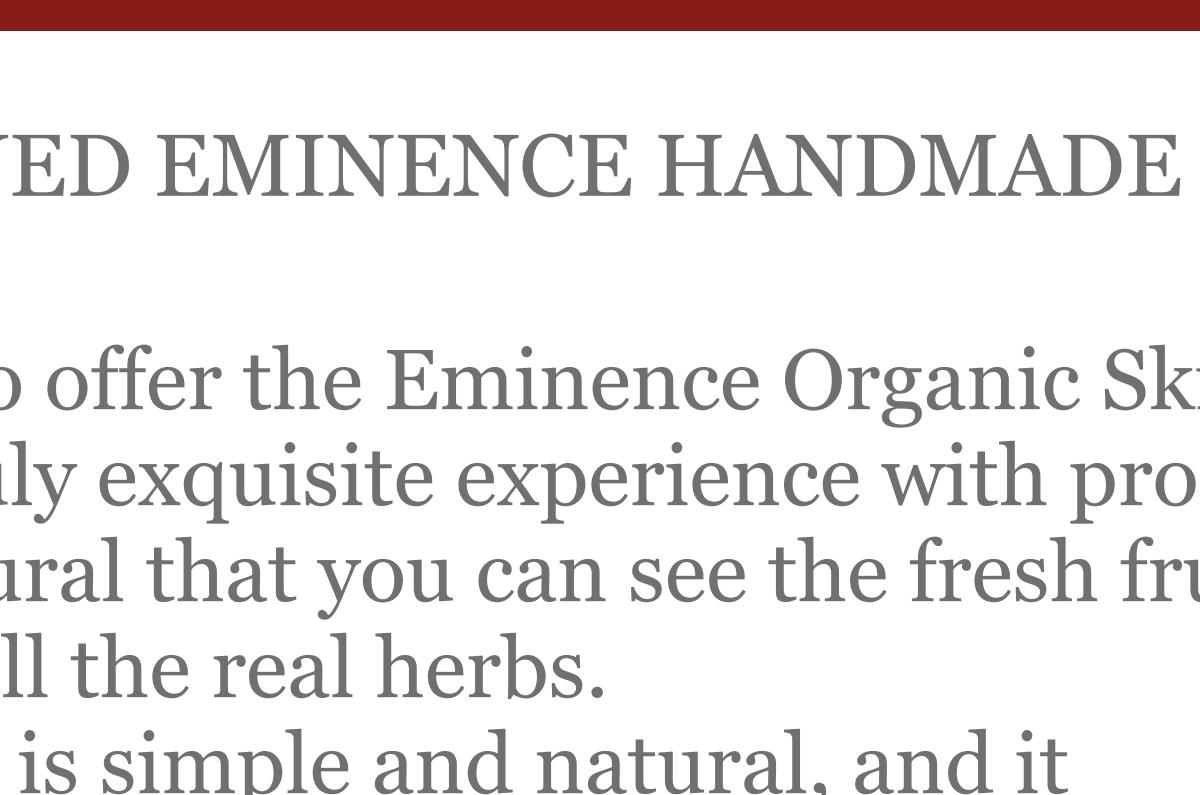

It is a viable and respected profession promoting good health not only for your physical but emotional well being also.

Massage Therapy is the kneading, manipulation or application of methodical pressure and friction of the body.

Whether it is for treatment of injury, stress or for relaxation, the skilled use of massage through touch is used to maintain and enhance the health and well being of the entire body.

Experience the benefits massage can offer you.
